

Sink This Ship !!

M/V *Buccaneer*

Vessel History:

Built in 1925 the *Buccaneer* started out life as the USS Dexter.

Destined as an ice-breaker for the Great Lakes she found her self working the Gulf of Mexico as a Revenue Patrol Boat for the U.S. Coast Guard.

While on patrol she sank the Canadian vessel "I Am Alone" with 10 shots from her 3" gun.

During WWII the Dexter became the YP 67. As the YP 67 she escorted convoys and was involved in the sinking of a U-Boat.

In 1993 she was converted to the cruise ship *Buccaneer*.
